Eight Teams and Three  
Carts Make Rubbish  
Disappear.

AT MOST EXPENSIVE  
BUT APPRECIATED

Cleanup Area Will Cover 20  
Square Miles and Con-

With eight teams and three carts  
in the field, the public service de-  
partment this morning began to ful-  
fill its part in the movement for a  
clean city. An investigation of the  
principal sections of the city re-  
vealed to Director Morris that a de-  
lack of interest is being shown

## Summer School

Business College will be open  
the entire summer, affording  
opportunity for young people ju-

many positions open to young  
men and women. We receive sev-

all good positions because  
no one has enough advanced  
work. Our school is one  
best equipped and most suc-  
cessful in the country. Why not

on the part of most citizens.  
In former years refuse was packed  
high on the curb and in the  
bins waiting for the teams to carry  
it off. This year, however, the  
piles were few and far between. It  
is expected the work will be com-  
pleted within less than a week. It  
had been expected to require eight  
or more days for the entire cleaning  
up, but the lack of interest, it is  
said, will cut it down to six or six.  
The city teams were the only  
ones which were on the job when  
the work started this morning. Calls  
for aid from the department were  
unanswered. Director Morris in ex-  
plaining the fact said no doubt it  
was due to the backward spring and  
the great amount of work now under  
way by contractors. The central  
part of the city will be covered  
first then the outlying districts will  
be completely gone over. The area  
to be covered amounts to about 20  
square miles.

Why He Was Late.  
"What made you so late?"  
"I met Smithson."  
"Well, that is no reason why you  
should be an hour late getting home  
to supper."  
"I know, but I asked him how he  
was feeling, and he insisted on tell-  
ing me about his stomach trouble."  
"Did you tell him to take Cham-  
berlain's Tablets?"  
"Sure, that is what he needs." For  
sale by all dealers.

## LIMA MAN HONORED AMONG PENSIONERS

Albert T. West, 619 Baxter  
street, pensioner of the Pennsylv-  
ania railroad and one of the oldest  
employees on the road in point  
of service will be one of the hon-  
ored guests at the second annual re-  
union and banquet of Pennsylvania  
pensioners which will be held May  
8 at R. Y. M. C. A., at Columbus  
West, who is 75 years of age, had  
been in the employ of the railroad  
company for 45 years before he was  
let out with an old age pension.  
West began his career with the  
Pennsylvania as a fireman, was later  
made an engineer and then when  
his eye sight became dim was made  
crossing tender in the Cincinnati  
yards. He has lived with his daugh-  
ter here for the last year.  
The pension system of the Pennsylv-  
ania is 13 years old. In that  
period 7,152 men have received pay-  
ments through the fund. These  
funds amount to \$8,368,786 and  
are created out of the earnings of the  
different roads comprising the  
Pennsylvania lines. There are now  
3,807 men on the pension roll.  
The plan provides that the entire  
pension fund shall be taken care of  
by the company. The pension  
amounts to one per cent of the sal-  
ary or wage for the ten years pre-  
vious to retirement, multiplied by  
the number of years the man has  
been in service.  
Several other local employees of  
the Pennsylvania will attend the  
pensioners' banquet, but West, it is  
said, will be the oldest local mem-  
ber present.

"AT AN AFTERNOON CALL"  
said a popular society woman, "the  
subject of woman's health was un-  
der discussion, and to my amaz-  
ment three out of four women in  
the room, who had happened to call  
at the same time, had found health  
in Lydia E. Pinkham's Vegetable  
Compound."  
Thousands of women in America  
owe their health and happiness to  
the marvelous power of this famous  
medicine, which is made from roots  
and herbs, nature's remedy for wo-  
man's ills.

## NEWS OF POLICE COURT

In the belief that the negro who  
applied for lodging at the city pri-  
son last night is Tom Taylor, 53  
wanted at Dayton for an attack on  
a young white girl, police this after-  
noon are in communication with the  
Dayton authorities who are expected  
to arrive here this evening to iden-  
tify the man.

The negro who last night gave his  
name as Gilbert Cook fits the de-  
scription of Taylor in every particu-  
lar. Cook walked into the station  
last night and asked for lodging.  
When he objected to the questions  
of Captain Grant he was locked up  
on suspicion. Police expect the  
Dayton man to arrive late this after-  
noon. A reward of a hundred dol-  
lars has been offered for Taylor's  
capture. He escaped from a deputy  
sheriff at Springfield who was tak-

ing him to Columbus to serve sen-  
tence for the alleged attack

"Move on" orders are to be given  
the army of itinerant peddlers, shoe  
string men, gum vendors, the blind,  
the lame and the halt, who recently  
have descended down upon the city  
from out of their winter quarters.  
City ordinances provided against  
begging are to be rigidly enforced if  
the orders of Chief Earnest are car-  
ried out.

Complaints from several parts of  
the city from women who claim to  
have been insulted lead to the de-  
cision. Mayor Shook showed himself  
in accord with the chief when he  
fined George Murray and Walter  
Giffin five dollars and costs each in  
police court this morning. A gen-  
eral round up of the vags will be  
made this evening

## FRANTIC EFFORTS OF STRIKE LEADERS IGNORED BY THE MEN

Auburn, N. Y., April 29.—More  
than 150 strikers of the interna-  
tional Harvester twice mill want to  
work this morning through lines of  
police and despite the threats of 75  
other strikers who tried to persuade  
them to remain out. The mayor,  
the police commissioner and the en-  
tire city force was present and no  
interference with the incoming  
strikers was tolerated. Superintendent  
Gregg put the men to work at  
once and for the first time in six  
weeks the wheels turned in the big  
factory, where half of the machinery  
is dismantled. The strike leaders  
are making frantic efforts to stay  
the break in their ranks.

## GO HOME AND MAKE SMALL GARDEN PLOT

Wield the Spade Each Day  
If You Would Keep  
Disease Away.

If you would put to rout the la-  
grippe, the spring fever and the  
chills and fever that denote the end  
of April and the beginning of sum-  
mer, harken unto the advice of  
Health Officer Jones.  
"The best spring tonic for any  
man who comes home from the of-  
fice with that tired feeling is about  
an hour spent each day in the use  
of the hoe and rake. The garden  
plot, whether it amounts to a suc-  
cess in the matter of raising any  
vegetables or not is without a doubt  
the best place in the world to work  
out a little of that winter sluggish-  
ness."

"I am glad to see that gardening  
is becoming fashionable. It seems  
as though residents of the West Side  
are as enthusiastic about their plots  
as their less fortunate neighbors  
who plant a garden to eliminate a  
few features of the high cost of liv-  
ing. Whether you want to elimi-  
nate the high cost of living or not, go  
forth, buy a shovel, a hoe and a rake  
and eliminate a few germs from  
your system."

Dr. Jones is still combating the  
fly question. Under the conviction

that a cleaner city means a more  
fitless city, he is considering a pe-  
tition to council to eliminate open  
vaults from the fire district of the  
city. In order to do this it will be  
necessary to enlarge the zone and  
council will be asked to grant the  
needed authority.

Considering the fact that at this  
time of the year the city is nourish-  
ing about 3,600,000 cuts little cusses  
under her wing, the doctor admits  
that a little swatting won't hurt  
matters any although he does not  
consider swatting as a means of en-  
tire elimination.

**SECRETARY BRYAN GOES.**

When the World in its issue of  
last Friday said "Send Bryan" it  
spoke with knowledge of the situa-  
tion in California; it recognized the  
importance of friendly conference  
between well-meaning national and  
state officers, and it emphasized the  
desirability of an authoritative ap-  
peal on behalf of the people of the  
United States to the people of Cal-  
ifornia.

Secretary Bryan is highly qual-  
ified for this mission, and his appear-  
ance at Sacramento cannot fail to be  
useful. As the head of the state  
department, he will be able to open  
to those whom he addresses a wider  
point of view. Charged, like others,  
with grave responsibilities at Wash-  
ington, he should have no difficulty  
in sobering to some extent men who  
have been acting impulsively and  
rashly. One of the most powerful  
and popular of American orators,  
his triumph in a just cause can  
hardly be doubted.

When race prejudice gets into  
politics, the mischief that is done is  
due more to popular indifference  
and timidity than the violence of  
demagogues. A small percentage of  
the people of California are Japan-  
ese-baiters, but many of their lead-  
ers have been bullied by agitators  
and have gone wrong as much  
through bewilderment as by reason  
of bad judgment. It will be Sec-  
retary Bryan's duty to give this ele-  
ment the truth, to remind it of its  
obligations and to persuade it to  
abide by principles of honor and  
justice. The comparatively few ma-  
licious inciters of hatred and strife  
he can afford to ignore.

California's anti-Japanese move-  
ment has all the earmarks not only  
of a wicked cause but of a losing  
cause. Strong in his grasp of the  
moralities and impregnable in the  
knowledge that his position is sup-  
ported by law, by precedent and by  
public opinion, Mr. Bryan ap-  
proaches a stake that is perfectly set  
for a great forensic achievement,  
perhaps the most notable of his life.

The course into which San Fran-  
cisco demagogues have been rush-  
ing a great state is unworthy of its  
orderly and enlightened inhabitants,  
because it is without sufficient pro-  
vocation and therefore unnecessary;  
because, even if it could be pursued,  
it would be damaging, in that it  
would lead to reprisals which would  
react upon the commonwealth and  
upon the republic, and finally, be-  
cause it must ultimately fail, for it  
is in conflict with the treaties and  
the constitution of the United  
States.

It is not the Japanese who have  
occasion to fear the outcome at Sac-  
ramento. Their protection by our  
laws and institutions and our na-  
tional good faith is certain. No state  
can abrogate a treaty. No state can  
nullify the supreme law. It is the  
people of California directly and  
those of the United States indirectly  
who must view this affair with anx-  
iety. The shrieking mobs in Tokyo  
need not disturb us. Threats of war  
may be utterly disregarded. But  
we cannot ignore our own lawless-  
ness and contempt of agreements,  
held sacred by every civilized com-

munty.  
If Secretary Bryan, who is known  
to have decided views on the sub-  
ject of world-wide peace, had been  
permitted to select his own text for  
a speech that may be forever mem-  
orable, could he have chosen a bet-  
ter one? New York World.  
**PUBLIC FORUM.**  
O. N. U. ALUMNI.

To the Editor of the Times-Demo-  
crat:  
There are hundreds of graduates  
from the various departments of the  
Ohio Northern university residing  
hereabouts. They need only to be  
informed that Professor John Davi-  
son has been nominated as a candi-  
date for member of the board of  
trustees of the Ohio Northern uni-  
versity, to insure an overwhelming  
majority of votes from this vicinity.  
To cast a vote it is sufficient to  
write on a postal: "I vote for John  
Davison for trustee," with the sig-  
nature and date of graduation of  
the voter. Address it to Professor  
R. H. Schoonover, Ada, Ohio. The  
Alumni association requests that  
twenty-five cents be sent in by each  
member of the association, but this  
is not demanded.  
Very truly,  
ELMER McCLAIN.

**ALIMONY DUE  
REGARDLESS**

Of the Fact That the Wife  
Died, No Children and  
Solvent Estate.

**SUPREME COURT IN  
IMPORTANT RULING**

Says Executrix Can Collect  
All Alimony Left  
Unpaid.

Columbus, O., April 29.—That a  
husband, who according to a de-  
cree of the court is to pay alimony  
is not exempt from payment even if  
the wife dies is the substance of a  
decision by the supreme court today  
in the case of William G. Stoneman  
against Mary E. Stoneman, revived  
in the name of Mary Shoup, her ex-  
ecutrix.

Divorce was granted Mary E.  
Stoneman in September, 1907, in-  
cluding restoration of her maiden  
name and alimony. The total ali-  
mony to be paid was \$4,750 to be  
paid in installments within three  
years. Before expiration of the  
three years Mrs. Stoneman died and  
the executrix filed suit to collect in-  
stallment of \$1,000 still due.  
Mr. Stoneman claimed that be-  
cause his former wife had died,  
left no children and the estate was  
solvent, he could not be held for  
the alimony alleged due. In giving  
its decision the supreme court af-  
firmed the decision of the lower  
courts of Franklin county.

Other supreme court decisions af-  
firmed were:

volved for the first time in 14 months  
when Champion Johnny Kilbane and  
Johnny Dundee, of New York meet

bout at Vernon.  
The champion remained a 2 to 1  
favorite today and it is predicted  
that he would climb through the  
ropes tonight at that figure.  
Both men were said to be under  
the featherweight limit of 122  
pounds early today.

**BASEBALL  
CONQUORS  
ASSEMBLY**

Ohio State Legislature is  
Fighting on Diamond  
This Afternoon.

**DEMOCRATS PLAY  
THE REPUBLICANS**

Representative Kennedy of  
Allen County, Covers  
First Base.

Columbus, Ohio, April 29.—In-  
stead of adjourning sine die at  
noon today, as had been expected,  
the legislature will not complete its  
work until late tonight. At noon  
the house recessed until 3:30 to-  
night, in order to give its members  
an opportunity to attend the base-  
ball game between the republican  
and democratic members, and to  
attend the banquet tonight to be  
given by Governor Cox for the leg-  
islators. The senate remained in  
session all afternoon.

As amended by the conference  
committee last week, to eliminate  
the clause which would have al-  
lowed the cities to begin condemna-  
tion suits at any time to secure  
property of public utilities, the  
Snyder bill providing for indeter-  
minate franchises for public utilities  
passed the senate today, and was  
sent to the house. The bill does not  
include telegraph and telephone  
lines as utilities.

The house refused to concur in  
the report of the conference com-  
mittee on the Warnes graduated  
automobile tax bill. As passed by  
the house originally, the measure  
provided that the automobile tax go  
to the highway funds of the various  
counties. The senate amended it  
to provide that the tax go to the  
general fund of the state. The re-  
port of the conference committee  
provided that one-third of the tax  
go to the state highway fund, and  
two-thirds to the state general fund.  
A new conference committee prob-  
ably will be asked for.

Representative Van S. Deaton of  
Miami county, re-introduced his  
blind pension bill which was vetoed  
by Governor Cox because it was  
found to be faulty. The errors were  
corrected in the new bill, and it is  
expected to pass both houses.

The house today concurred in the  
report of the conference committee  
on the Volmer nine hour workday  
for women bill, after having refused  
to concur last night. As amended  
the bill amends the existing law to  
include mercantile establishments.  
It provides that women can not be  
required to work more than 10  
hours in one day, and not more than  
54 hours in a week. As the bill  
was originally passed, it pro-  
vided a maximum workday for wom-  
en of nine hours.

The Lloyd bill, which would have  
limited cases of justices of the  
peace only to the district in which  
they were elected, was defeated by  
the house, after having passed the  
senate. The house concurred in the  
amendments of the senate to this  
Tietlow eight hour day on public  
works bill, and it now goes to the  
governor for his signature.

Before recessing, Representative  
Reed of Fayette county, republican  
floor leader of the house, presented  
Speaker Swain with a watch and  
chain, a gift from all of the mem-  
bers of the house.

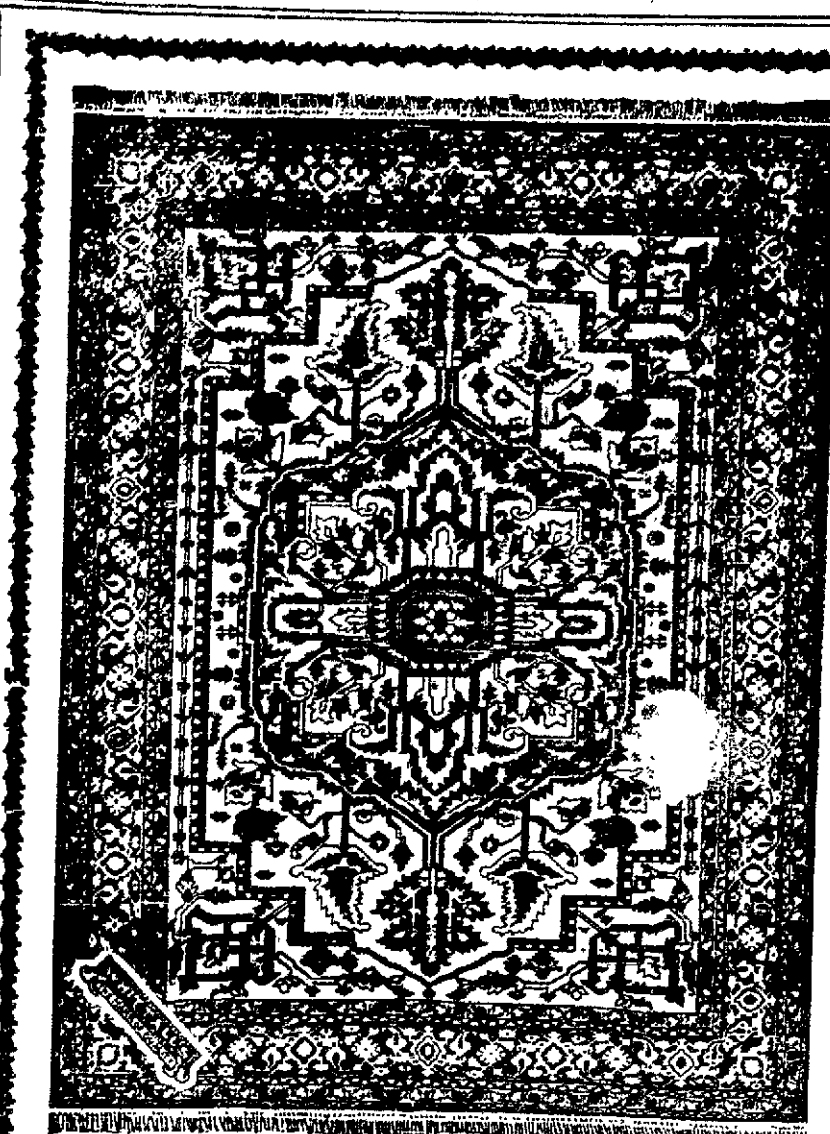

All of the members of the house  
went to the ball park a 12:30 on  
special cars. The game between the  
republicans and the democrats be-  
gan at 1 o'clock, and preceded the  
Association game between St. Paul  
and Columbus. Following were the  
lineups:

**Democrats.**  
Clark of Hamilton, ss; Barthol-  
mech of Kilrain, 2b; Kennedy, 1b;  
Duffy, 1b; Thomas, 2b; Chapman,  
1b; Luster, c; Warner, p.  
**Republicans.**  
Booner, 1b; King, of Franklin, ss;  
Dyer, 2b; Smith, of Morgan, rf;

**Bryant Condemned**  
Abolishment of the present sta-  
tionary board and a large reduction  
in the cost of maintaining the Ohio  
National Guard was recommended  
today in the report of the legisla-  
ture committee which made an in-  
vestigation of that department.  
Ohio's naval militia would be dis-  
banded, should the legislature next  
winter follow the recommendation  
of the committee. The report  
stated that the naval militia, with  
its two boats, the Decatur and Es-  
sex, costs the state approximately  
\$25,000 a year, and that its prin-  
cipal object seems to be the maintain-  
ing of a training school for the  
United States navy, and that "it is  
of no real benefit to the state."  
The report commended the mil-  
itia in strong terms for the service  
it rendered during the recent floods  
and suggested that the guard be  
equipped with small boats and other  
necessities for such emergencies.

The committee suggested that a  
committee be composed of the  
governor, the adjutant general and  
the state superintendent of public  
works do the work of the present  
advisory board which was termed ex-  
ecutive.

The members of the committee  
praised the work of Adjutant Gen-  
eral George Wood, who was ap-  
pointed by Governor Cox. The re-  
port stated that the department has  
been expending money in advance  
of its receipts, that transportation  
requests have been abused, but that  
these conditions are being correct-  
ed under General Wood.  
Members of the committee urged  
in the report that privates in the

Columbus, Ohio, April 29.—For-

Ohio, passed through Columbus this  
morning enroute to his home in Cin-  
cinnati after a several months' visit  
abroad. He was met at the Union

business in his home city, declined  
an urgent invitation to spend a few  
hours here and visit the legislature.  
Mr. Harmon was accompanied by  
Mrs. Harmon and other members of  
his family.

Greencastle, Franklin county, Pa.,

was the son of Samuel and Eliza  
Speer. He was baptized in infancy  
and in the year 1868 he made a pub-  
lic confession of Christ and became  
a communicant member of St. Paul's  
Lutheran church, of which he re-  
mained a faithful member till death  
called him to his home in heaven.  
The ceremony of confirmation was  
performed by Rev. G. W. Umbaugh,

To Secure Edward McClurg  
and Bride, Ethel C.  
Rambo.

# OUTWITTED FRIENDS AND VOWS PLEDGED.

Cupid Reaps Harvest in His  
Own Field During  
Past Week.

To outwit their friends and prevent the ostentation planned for them, following their marriage, Ethel C. Rambo, cashier in the E. Blum store, and William E. McClurg, formerly an employee of the grocery of Harry Thomas, but who for the past six months has been connected with the Heinze company, were quietly married. The wedding had originally been planned for Tuesday. But when it is found the friends of the young couple had planned a big celebration and great festivities, they slipped away to the home of Mr. and Mrs. Harry Thomas, at 7 o'clock Monday evening, Rev. H. J. Jewett, pastor of Grace Methodist church, officiated at the ceremony which united them in marriage. Both bride and groom are members of Rev. Jewett's church.

Mr. and Mrs. Harsting, who were married only about a year ago, had as Rambo and Mr. McClurg for their attendants. In turn, they did this office for the couple last evening, as well as extended the hospitality of their west Kibby street home.

Previously, he has been making his headquarters in Columbus. A company of friends of the young couple waited until after midnight at the parsonage of Grace church, expecting their appearance. The shades were drawn and the wedding was quite sure the marriage would occur there. However, the couple succeeded in keeping their whereabouts a secret until this morning, when they were given the option intended last evening.

They were the principals in a long list of festivities enacted this morning by their friends over the city. There are estimable young people number their friends over the city, and especially on the south side, he hundreds.

Paul H. Sheets, an employee of Ohio Steel Foundry and Miss Stickle, daughter of Mr. and Mrs. W. H. Stickle, of 166 Pine street, were married last evening at 8 o'clock at the home of Mr. and Mrs. William E. McClurg, of west Market street. Sun-

morning, at the hour of nine o'clock. The couple will live in Cincinnati.

Mrs. Mary Kendall, of south Elizabeth street, and Charles Chaudley, of Hillside, were among the couples who pledged their troth at the home of Mr. and Mrs. H. J. Jewett, of Grace church, received the wedding. Mr. Chaudley is employed at the Lima Locomotive Corpora-

tion's plant and he and his bride are now living on south Elizabeth street.

# JOHN DREW CALLED TO OTHER SHORE

Heart Failure Caused Death at Late Hour Yesterday Afternoon.

John Drew, for a number of years past a resident of this city, died yesterday afternoon shortly before the close of the day. He met a peaceful end, death coming quietly as dusk settled over the world. For the past several years a sufferer from heart trouble, he at last succumbed to a severe attack of this affection.

The deceased was in his forty-ninth year when death overtook him on the journey of life. He was born in Delphos, Ohio, 1865. Surviving to mourn for the absent one are the bereaved wife, one daughter, Mrs. Mary Clemens, of Alger and one son, Harry Drew, of Lima. The funeral services will be held at the late residence on Hazel avenue, tomorrow morning at nine thirty o'clock. Interment will be made in the Walnut Grove cemetery at Delphos.

# WHOLE ARMY ARRESTED.

Lisbon, Portugal, April 29.—Among those under arrest here for participation in the anti-governmental disorders on Sunday are Generals Fausta, Guedes, Captains Andre, Fontes and Serejo and 20 other commissioned officers of various regiments, together with numerous non-commissioned officers. Many of the prisoners have been placed in cells on board the Portuguese cruiser Almirante Reisud.

# COURT HOUSE NEWS

Latest developments in the case of A. B. Saylor Blome who is being sued by his wife Emma V. Blome for divorce on the grounds of adultery and gross neglect point to the probability that Blome may be arrested and turned over to the federal court on a charge of white slavery.

Blome when seen yesterday declared his arrest and the filing of the suit by his wife was but an attempt of his family to discredit him. He says his wife was brought here to aid in a plot to secure his half interest in the restaurant at 227 north Main street and to discredit him in the eyes of the public.

Charges filed against Blome and Edith Bard with whom he is said to be living will be heard before Magistrate Holmes tomorrow afternoon. Blome is charged with adultery while the woman is held on a similar charge.

Further sensational developments are expected at the hearing tomorrow. Mrs. Blome who arrived here last Saturday, is said to have employed detectives to gather evidence against her husband and already she claims to have gained enough information to send her husband to a federal prison on charges of violation of the Mann act.

Mrs. Blome shows no leniency towards the woman whom Blome is said to have introduced here as his wife and will prosecute charges against her as far as possible. She further states that she warned the Bard girl that she was the wife of

Corn Contest Awakens Considerable Liberality in All Counties.

Special Prizes. Meeting in Auglaize Co. Allen Co. Contestants.

As the season progresses and the people become more thoroughly conversant with the Boys' Corn Contest, its principles, its aims, and the good which it is doing in a large number of ways, the offers of more trips to Washington as prizes come in continually. As a result of this realization and consequent donations, it will at the present time be possible for fifteen boys from Allen county to take this trip if they are successful.

The Hon. J. H. Goeke has offered a trip to the youth raising the largest crop of corn on the acre within the confines of the fourth congressional district. This will give the Allen county boys a chance here.

The Hon. Michael Donnelly, judge of the appellate court in this, the third judicial district, has made an offer of a prize in his district. This again will give the boys of Allen a chance to beat out their friends in the neighboring counties. Up to the present time, a wonderful interest in the affair has been taken in Allen county.

Last night a meeting was held in Wapakoneta and the report is that in Auglaize county the interest will equal, if not exceed that in Allen. There were thirty of the leading men out at the session last night, to listen to Mr. Riddle, of this city, explain the prominent features of the proposition. The regular prizes along, amounting to one for every one of the fourteen townships in Auglaize county, were at once guaranteed, and Dan Kerwin, Joan Kerr,

Blome before she left Reading with her husband and declares that the girl laughed at her warnings. Blome's father, it is said, will be the principal witness for the state at trial in the magistrates court tomorrow.

The first jury decision of the April term of court was handed down this morning when it was reported that one of the document produced as the last will of Mrs. E. A. Hardesty, was not the last will. The case, which was not a contest of the will, was brought by Kate A. Black against Elijah J. Hardesty to decide a technicality.

# PROBATE JUDGE OF UPPER SANDUSKY VICTIM OF REVENGE

Upper Sandusky, O., April 29.—As Auditor Peter Frank and Probate Judge W. P. Rowland were walking home to dinner at noon today John Broadman, a wealthy farmer, pulled a 32-calibre revolver from his hip pocket in front of the shoe store of Anthony Vogel and fired four times at Judge Rowland. Children Cry FOR FLETCHER'S CASTORIA FIRST MAN TO ANSWER BILLY SUNDAY'S CALL Will Be the Speaker Sunday Afternoon at Billy Sunday Rally at Y. M. C. A.

When Billy Sunday conducted one of his big evangelistic campaigns in Springfield two years ago, he issued the first invitation to saw-dust trail bitters by asking, "Who will be the first man in Springfield to come and give me his hand as an outward manifestation of the fact that he has given God his heart?" Mike Halbert, city letter carrier, and one of Mr. Sunday's most radical opponents until after the meetings had begun, arose, stood on his seat and answered back, "I will." He hit the trail and has remained on the straight and narrow path ever since, using most of his spare

time in promoting the cause of the Master. On next Sunday afternoon, Mr. Halbert will speak at the local Y. M. C. A. auditorium to a meeting for men only, and has a message worth hearing, under the caption, "The Man Whom God Can Use."

Special music will be furnished by four of Lima's most talented musical artists, Mr. and Mrs. Conner and Mr. and Mrs. Ebersole. As these meetings are growing in interest it is expected that the Springfield letter carrier will be greeted by a full house next Sunday afternoon.

# LORIMER APPEALS FOR FEDERAL AID TO FIGHT DISEASE

Washington, April 28.—Former Senator William Lorimer, of Illinois, today appealed to United States public health service to detail at least one of its experts to inquire into the alleged "cure" for tuberculosis said to have been discovered by Dr. Pe Duket, Chicago. The former senator arrived yesterday and promptly made an engagement for a personal interview with Surgeon General Rudert Blue. Mr. Lor-

mer expressed confidence in the physician's discovery. He declared that more than 100 cases are being treated successfully and that the treatment used by Dr. Duket has been tested by a committee of most prominent physicians of Chicago. So anxious is Mr. Lorimer to have the government inquire into the supposed "cure" that he announced his willingness to bear the expense of sending a federal expert to make the investigation.

The public health service is now engaged in an investigation of the alleged "cure" of Dr. Rudolph F. Friedmann.

Practically every teacher, now engaged in the public schools, has been employed for another term. There was no vacancies and consequently no change was made. The board of education believes at the present time, the schools are in an efficient working shape and that little improvement, in the way of teachers, can be added. Many of the local teachers are not only graduates of the high school, but also of colleges and universities. The list includes Misses Ida Hoffman, Edith R. Jones, Grace Heldtbaugh, Zoe Franz, Merle Low, Della Jones, Cleo Meyers, Barbara Wiggins, Fern Doty and Frances Barnum, of the first primary. W. F. Stevens is superintendent and F. E. Meyers, principal.

## Former Skeptic Praises Doctors

States Frankly That It Was With Much Doubt and Hesitation She First Consulted United Doctors.

## CONDITION CAUSED MISERY

After Treating Only Seven Days—Makes Statement in Acknowledgment of Her Mistake.

It was in a skeptical frame of mind that Miss Helen Crandall of Toledo, Ohio, first visited the United Doctors. This was intensified by the fact that being an athlete, one of the large city hospitals many of her friends hooted at the idea that any one could cure her when the hospital staff failed to relieve her.

Miss Crandall's skepticism was not simply caused by lack of faith in the new system of medicine as practiced by these specialists but because she herself thought that no one could ever help her and yet desired to give herself every chance to obtain aid in spite of lost faith. Her statement is as follows:

To The Public:

"I have been very sick for the past several months from weakness, female trouble, in fact, I virtually got out of bed to go to the office, had such bearing down pains, was losing weight had no appetite, was dizzy most of the time, and was unable to work. I had been treated by various members of the staff at the hospital where I am employed, but I received no benefit. One doctor

## HAPPY, HAPPY, USE TIZ

A Marvel for Sore Feet—Acts Right Off.

Sent at Once for Free Trial Package

Sore Feet? Never After Using TIZ

Good-bye sore feet, aching feet, swollen feet, sweaty feet, smelly feet, tired feet.

Good-bye corns, calluses and bunions and raw spots.

You've never tried anything like TIZ before for your feet. It is different from anything ever before sold.

It acts at once and makes the feet feel remarkably fresh and sore-proof.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous excretions which bring on soreness of the feet, and is the only remedy that does.

Mrs. F. J. Androcks, Jamaica, Long Island, found this out. She says: "I tried so many different remedies but none seemed to draw out the inflammation and poisons like TIZ has done for me. TIZ cleans out every pore and glorifies the feet—your feet."

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and calluses. You'll feel like a new person.

Remember thousands of other people have experienced with substitutes for TIZ without getting relief until they used the genuine. So when anyone asks you to experiment tell him you won't be the goat—you want the genuine TIZ.

TIZ is for sale at all drug stores, department and general stores at 25 cents per box or it will be sent you direct. Money back if TIZ doesn't do all we say. For a free trial package write today to Walter Luther Dodge & Co., Chicago, Ill.

Show Their Church Strong and Growing in Every Department.

FINANCES BEST EVER REPORTED AT GRACE

Getting Ready for the Annual Conference at Urbana.

The third quarterly conference of Grace Methodist church was held last evening at the church. The reports turned in by the officials of the conference were such as make the hearts of both pastor and people feel good. The reports were the best given in a long time and showed the church strong and growing in every department.

The financial reports were the very best the church has ever been pleased to record. This speaks well for this congregation, the second largest Methodist in the city. Rev. H. J. Jewett is the pastor and it is largely due to his efforts and those of his good wife that Grace church is on the solid financial footing she now enjoys and is showing such great progress in every department.

There is another quarterly conference, before the session of the annual conference, which will be held this year in Urbana, Ohio, and which will convene on September 9. With the merging of the Cincinnati and Central Ohio conferences, the session at Urbana will include about 400 churches, with more than 300 ministers and will include Methodist churches in the state of Ohio.

# BELGIAN MILLIONAIRE WILL PILOT A MERCEDES ENTERED BY PUBLISHER

For First Time in History of  
Auto Racing, the Slide  
Valve Motor Will Be Used

Indianapolis, Ind., April 29.—A Mercedes car, equipped with a Silent Knight engine, will be one of the contestants in the third annual 500 mile International Sweepstakes race at the Indianapolis Motor Speedway, May 30, the entry having been made by E. C. Patterson, of New York, well known sportsman and general manager of Collier's Weekly. Pelette, the Belgian millionaire, who has driven his own cars in many of the important European races, has been nominated as driver, having consented to take the wheel. Patterson has a personal friendship for Pelette, and because he has no car of his own, which comes within the limitations prescribed by the Speedway management for this year's race. The car will be shipped from Europe in a few days and will be given a thorough workout at the Indianapolis Motor Speedway. Pelette has been racing the car in Europe for some time and it is said that recently he averaged 90 miles an hour over an ordinary road which is especially noted as an automobile path.

The prominent feature of the entry is the fact that for the first time in the history of automobile racing the slide valve motor will be used. Heretofore all racing cars have used motors of the poppet valve type—the Mercedes, which so nearly won the race last year, being of the latter type. In that year Charles Y. Knight brought out the first slide valve motor which bears his name. For two years little was heard of the engine, but in 1908 the Daimler company of Coventry, one of the most conservative firms in England, announced that it would make a slide valve motor exclusively.

The Mercedes always has been a feared entry in all of the great races. In 1903 the car won the Irish Gordon-Bennett race with Jenatton at the wheel. The following year the Mercedes ran second. The next two seasons the German car suffered from slight mishaps in every race entered and, while not crossing the wire first, finished well up in every race.

Honors came back to the car in 1910 when it captured the French Grand Prix against one of the fastest fields of cars ever brought together in competition. Lautenschlager drove a steady race and defeated the pick of cars and drivers of France and Italy. The Mercedes is well known in America, having participated in many events in Indianapolis and won the Elgin and Vanderbilt trophies.

The big car is best remembered by its showing under the guidance of Ralph DePalma in last year's race. Everyone knows how the plucky driver made the pace for the field for more than 400 miles and set new records almost at every turn, only to lose in the last three laps when mechanical trouble eliminated his car.

The very fact the Mercedes company intends to enter a car with the sliding valve motor after ten years experience with the poppet type is proof that they have something which will make the speed bugs sit up and take notice. The firm is very conservative and would make no practical departure unless it felt convinced that such a course was justifiable.

After the showing last year it is believed that the new motor must have proved itself more powerful and capable of greater speed than the engine used formerly. In any event the new entry adds much to the class of the field and will make the race twice as interesting.

## TO INSPECT INSTITUTION

Lima State Hospital Will be Visited Today by Experts.

DANNEMORA SUP'T MEETS COMMISSION

Visit to Grounds Made This Afternoon. Olmstead on Hand.

Least something might be omitted that work toward more complete perfection in the mammoth institution which is being erected by the state of Ohio just beyond the northern boundaries of this city, experts will today go over the plant in its present condition. They will look for places where improvement can be made, where for the sake of protection restriction, or general convenience in any line a few added strokes now will count.

Dr. North, the head of the mammoth institution, of a similar nature in New York state, and known as Dannemora, will be the inspector along lines of building and utility. Dr. North made a number of suggestions at the time of the planning of the Lima institution, his very wide past experience having provided him with a fund of knowledge not approximated by one not actively engaged in the work.

The head of the New York institution will today enjoy seeing some of his plans put into use. Coming as he does from an eastern hospital, where all kinds of insanity have come under his supervision, he is well-qualified to judge upon the adequacy of the equipment and provisions of the Lima plant.

Olmstead, the landscape gardener who a short time ago was engaged by the trustees of the Lima State Hospital to superintend the laying out of the estate, and to make the plans therefore, will be in Lima today, and will go over the institution with the commission and their guest, Dr. North. Some of the commission, and a number of those holding contracts at the present time for construction or equipment had arrived at an early hour this morning. It is thought that by the time arrives for the trip to the institution, all of the members of the commission will be in Lima.

## ORPHEUM THEATRE.

From the clever comedy fantasy, "Winning a Queen," clear on through the bill and to the end of the moving pictures the Orpheum has got a gutted show for the first three days of the week. "Winning a Queen" is a comedy in a class by its own in the hands of the Gardiner-Vincent Company. Bud Froze is as full of fun as the proverbial dog of seas and would run the show an hour longer if he didn't quit taking encores. Le-Noir's Menikins are the wonder and delight of the children and grown-ups as well. The Three Newmans put on a boxing contest on unicycles, admittedly the hardest vehicles in the world to ride and Seymour & Williams have an excellent dancing and talking act. New run pictures close each performance. Go with the crowds to the Orpheum this evening.

Cured of Chronic Constipation.

"For twenty-one years I suffered with chronic constipation," says C. W. Robinson, of Cordova, S. C. "In May, 1908, it had assumed a more serious form, resulting in indigestion, piles and neurasthenia. Life seemed a burden to me. Two famous physicians and one specialist with all their drastic drugs failed to help me. A friend advised me to give Chamberlain's Tablets a trial, which I did, and am pleased to say two bottles of them cured me." For sale by all dealers.
